

PhD SUMMERSCHOOL

"Biomaterials Development for Medical Devices: From Bench to Market"

ORGANIZED BY

June 12-14, 2025

University of Basilicata, Via Dell'Ateneo Lucano, 10 - Potenza

Invited Speakers

Prof. Luigi Ambrosio, Institute of Polymers, Composites and Biomaterials (IPCB)- National Research Council, Naples, Italy

Prof. Giovanni Marletta, University of Catania, Catania, Italy

Prof. Antonella Motta, University of Trento, Trento, Italy

Prof. Christian Schmelzer, Fraunhofer Institute for Microstructure of Materials and Systems IMWS, Halle (Saale), Germany

Dr. Luigi Di Rosa, University of Palermo, Palermo, Italy

Dr. Ileana Ielo, University of Messina, Messina, Italy

Dr. Antonio Laezza, University of Basilicata, Potenza, Italy

Dr. Filippo Naso, Biocompatibility Innovation Srl, Padua, Italy

Dr. Margherita Vara & Sara Vinciguerra, Altergon Italia Srl, Avellino, Italy

12 JUNE (Aula A11)

Session 1- Biomaterials for tissue engineering

13 JUNE (Aula A17)

Session 2 - Engineering Functionalization of Biomaterials

Session 3 - Development of Advanced Biomaterials for medical device: from bench to market

14 JUNE (Aula A17)

Session 4 - Nanomaterials and Their Biomedical Applications

Session 5 - *In vitro* and *In Vivo* Biomedical Applications of Biomaterials
